## EXPERIENCES

---

### AI Researcher @ B3

05/2024 - On Going

Part of a project that creates tools to the financial market using AI.

### Co-Founder @ DHART

01/2024 - On Going

Co-Founded Dhart, a software development startup. Our products range from different areas, and our development partners with interested students of UFPB that wish to gain professional and real experiences.

### Data Science Intern @ Zoox Smart Data

06/2023 - 09/2023

Interned at Zoox Smart Data, a international Data focused company. As an intern, I developed several innovative products and prototypes by using different AI tools.

### Software Engineer Intern @ EstudoPlay

01/2023 - 04/2023

Developed an innovative mobile app "Redação Estudo Play", as well as its entire system. This application aims to allow high school students to practice their final ENEM national writing test in a cheap and accessible way.

### FullStack Developer @ TRIL Lab

08/2023 - On Going

Participated in several projects inside the laboratory. These projects ranged from web development to API tools using LLM.

### Team Leader and Member @ TAIL

08/2022 - On Going

TAIL (Technology and Artificial Intelligence League) is the first AI student league in the northeast region of Brazil. As a Team Leader, I lead the development of different projects related to AI and technology.

## EDUCATION

---

### Computer Science B.S. @ UFPB (Universidade Federal da Paraíba)

07/2018 - 12/2023 (expected)

### Proficiency English @ ILAC (International Language Academy of Canada)

04/2022 - 06/2022

## CAMPUS INVOLVEMENTS

---

### Volunteer Member @ IEEE Computer Society

08/2023 - 12/2023

As a member of the software development team, I participated in the "Laboratory of Ideas" international project.

### Academic Tutor @ UFPB (Universidade Federal da Paraíba)

03/2024 - On Going

Tutored freshman students on Calculus I in my university.

## PROJECTS AND PRIZES

---

### 1º Place | Hack the Music Hackathon

Initiated by Moises and Music.AI. Developed an innovative Chrome Extension for Youtube.

### 1º Place | Dock Innovation Lab Hackathon

Initiated by Dock Tech. Developed a multi-plataform HR tool.
